In enclosing herein a copy of letter No.AD.10080/47-8 dated 7.6.48 from the Assistant Director of Food Supplies (Depots), Bangalore, on the above subject, I have the honour to state that the continuance of the post of the Sanitary Inspector till the end of June 1948 was sanctioned in Government Order No.SD.474-77/A.305-462 dated 15.7.1947.

SIR,

Subject:- Conveyance allowance to the Sanitary Inspector attached to the Storage Section under the Asst.Director of Food Supplies, Depots Section.

I have the honour to state that the Sanitary Inspector, formerly attached to the Food Grains Preservation Committee is now working under the Asst.Director of Food Supplies (Depots). The work relating to sanitation and pest - controls in the several godowns of the City was being supervised by the Secretary, Food Grains Preservation Committee, and since the abolition of the post of the Secretary, his executive duties have partly devolved upon the Sanitary Inspector. The latter was not given any conveyance G.A. allowance as the Secretary was looking after the main executive duties, but now that these duties have to be ~~expended~~ attended to by the Sanitary Inspector, it is necessary to give him a conveyance allowance.

2. In the circumstances, I request that sanction of Government may kindly be obtained to grant a conveyance allowance of Rs.10/- p.m. to the Sanitary Inspector, with effect from 2-1-1948 the date on which Sri D.Seshagiri Rao,

The former Secretary, Foodgrains Preservation Committee, was relieved of his duties in this Department.

I have the honour to be,
Sir,
Your most obedient servant,

Addl.Director of Food Supplies.

DN.22-2.

Letter No.AD.10080/47-8 dated 5/7th June 48 from the Asst. Director of Food Supplies, Depots, Bangalore to the Director of Food Supplies in My ore, Bangalore.

Re: Sanitary Inspector - Continuance of -

With reference to your letter No.C1-7322/47-8 dated 28th May 48 calling for a detailed report indicating the volume of work that is being attended to by the Sanitary Inspector etc., I have the honour to invite your kind reference to the periodical reports of Foodgrains Preservation (extracts of the same are enclosed for kind perusal) and to state that the Sanitary Inspector is attending to the supervision of the work of the pest control in godowns namely, cyanogassing, cleaning and spraying which requires immediate technical supervision. Further he is attending to the fumigation of infested commodities in all the Reserve and Sub godowns as well as emergency Ration Depots under Government management both in Bangalore City and Civil Station area. Sometimes he is also deputed to other places on indents by the District Officers. He is the nearest available approach to a technical man and has gained some experience in the work.

2. This work cannot be entrusted entirely either to the Storage Inspector or to the Special Sheristedar of my section as they have themselves heavy work to attend to. The decontrol of millets has not decreased the work in this section and the work continues to increase on account of heavy receipts of wheat which necessitated our going in for more godowns in Civil Station area also.

3. Under these circumstances, I feel that the post of the Sanitary Inspector is necessary to safeguard the stocks of wheat and jola particularly, till such time as this office continued.

4. Favour of early orders is solicited in the matter.
